TERMS AND CONDITIONS

Herein is our new Wholesale Price List for Season: Fall 1960 - Spring 1961. The prices shown are in line with the grade and quality of the material offered.

In some items our holdings will permit special quotations based on quantity. Please send your list of wants for Special quotations.

Prices quoted apply on Wholesale quantities only.

RATES: Apple as follows: When ordering less than 30 plants the per 10 rate will apply, (less than 10 of a variety ordered 5¢ per plant must be added), 30 to 100 will be at the rate of per 100, and 250 or more at 1,000 rate (where published).

SEASON: Our packing and shipping season usually begins by the 20th of September and continues until the 15th of April.

SHIPPING INSTRUCTIONS: We respectfully beg our patrons to furnish us with **explicit directions as to shipping and mode of conveyance** by which they wish stock forwarded. When no particular directions are given, we forward according to our best judgment, but in no case do we assume any responsibility as to safe delivery and conditions of trees or plants after proper shipment by us.

GUARANTEE OF GENUINENESS: While we exercise the greatest diligence and care to have all our trees, etc., true to label and hold ourselves in readiness, on proper proof, to replace all trees, etc., that may prove untrue to label free of charge or refund the amount paid, it is mutually understood and agreed to between the purchasers and ourselves that our guarantee of genuineness shall in no case make us liable for any sum greater than that originally received for said trees, etc. that may prove untrue.

ACCEPTANCE: Notice shall be sent to us by telegraph. at our expense, if there is any cause for complaint or should trees, etc., be refused stating reason. **CLAIMS FOR DEDUCTIONS FROM WHATEVER CAUSE WILL RECEIVE CONSIDERATION ONLY WHEN MADE PROMPTLY UPON RECEIPT OF STOCK.** If trees show any sign of shriveling upon arrival, they can usually

TERMS AND CONDITIONS—Continued

be restored by being thoroughly watered and buried entirely under ground for two or three days. Should there be any frost in the trees, etc., upon arrival they should not be removed from boxes until the frost is all out. The Box should be placed in the cellar or considered as evidence of bad condition as we pack to secure the stock against damage if frost is allowed to come out the natural way. Goods will be considered accepted if removed from the Boxes in which they are packed without notice of complaint to us and without our orders for their disposition.

CAUTION: We accept all orders subject to crop conditions and also upon the condition that they shall be void should injury befall the stock from frost, hail, storm, fire or other causes over which we have no control.

TERMS: 30 days net, 2% discount 10 days from date of shipment. These terms are offered to those of established credit. Cash, security or satisfactory references are required from unknown parties. Where **CASH ACCOMPANIES ORDER, PACKING IS FREE.**

PRICES: Are based upon present market conditions and are subject to change without notice and are for the stock F. O. B. Huntsville, Alabama. Cost of Boxes or Bales to be added at the following prices:

**FACTORY BUILT VENEER BOXES,
VERY LIGHT WEIGHT**

24 x 24 x 5 feet	-----	\$4.80

This is the spectacular
NEW COLOR
that will
MAKE MONEY FOR YOU

Here's why your customers will ask you for the nationally-advertised, colorful

*Plant Patent No. 1313
Gleditsia triacanthos inermis aurea

Dramatic New Coloring. SUNBURST is the first new tree color in years. Its bright, golden yellow branch tips, in rich contrast with the deep green inner foliage, make it look like a flowering tree bursting with bloom. And SUNBURST keeps this beautiful spring appearance all summer long.

Stately Form. Experts recognize the Honeylocust as the successor to the Elm. The new SUNBURST grows with a natural eye-pleasing symmetry unmatched by any other Honeylocust.

Easy to Grow. You'll have no trouble with SUNBURST, it's easy to plant and grows rapidly in almost any soil. Exceptionally hardy, it withstands extremes of heat and cold, moisture and drought. SUNBURST is one of the strongest trees known and readily survives ice, snow and windstorms. It is practically immune to disease and insects.

Ideal for Lawns. SUNBURST gives you a lacy, sun-dappled shade that actually benefits a fine lawn. Being absolutely seedless, it causes no ground litter of unsightly seed pods. And you don't even have to rake leaves in autumn because SUNBURST's small, compound leaves quickly crumble and disappear into the grass.

← This five-year-old, 12-ft. SUNBURST will grow rapidly to 35 to 40 ft. It gives your customers the beauty and fast growth they want.
